

# STW COMMUNITY CENTER PLANT PLEDGE

## GARDENING IS A WORK OF HEART

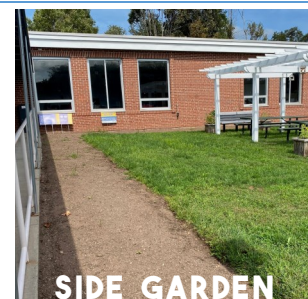

Calling all gardeners and plant enthusiasts! Natureworks recently designed our Community Center gardens and now we need your help filling them. The designs were created to contribute to the pollinator pathway and provide beautiful blooms year-round for our seniors and community enjoyment. Donate a plant from our wish list and help create a beautiful garden for generations to come!

| FRONT GARDEN                                  |     |
|-----------------------------------------------|-----|
| PLANT NAME                                    | QTY |
